Workshops!

**Effective marketing and selling  
are part art, part science.**

Hi, I'm Drew Crandall. I've been drumming since I was seven—and I can tell you that the principles of good drumming apply to good marketing! My firm helps clients to drum up *more* buying influence awareness, *more* preference, *more* inquiries, *more* selling opportunities, and *more business*. Please contact me today to explore the possibilities.
